

Medical Equipment Appeal - \$59,399

As we enter the spring season, all of us at Four Counties Health Services (FCHS) and Four Counties Health Services Foundation (FCHSF) would like to thank you for your ongoing support. Without you, FCHS would not have the modern medical equipment it has to provide quality care close to home. Every day we see and hear from patients who are grateful for the excellent care they receive and the medical equipment it takes to enhance this care.

Our dedicated staff, physicians, and volunteers strive for continued excellence in the care they provide. With this activity comes the need to refresh and renew existing equipment and technology that are essential tools to deliver high-quality, safe and efficient care to you and your loved ones.

For our Spring/Summer Appeal, FCHSF is raising funds to purchase state-of-the-art medical equipment to support patient care in our hospital's Emergency, Diabetes Education, and Laboratory Departments.

Here are the required items:

<p>Defibrillator - \$17,399 Defibrillators revive a patient from sudden cardiac arrest. This usually occurs when a disruption in the heart's electrical activity causes a dangerously fast/irregular heartbeat</p>	
<p>Pharmacy Refrigerator - \$12,500 A Medical-grade Pharmacy Refrigerator designed with the unique needs of the emergency department environment and safely stores vaccines, pharmaceuticals, chemotherapy, and other products requiring safe cold storage.</p>	
<p>Medical Refrigerator - \$8,500 A Medical-grade Refrigerator provides safe cold storage of insulin and point of care supplies for FCHS Diabetes and Laboratory departments.</p>	
<p>Cast Saw - \$8,250 A Cast Saw is an oscillating power tool used to remove orthopedic casts.</p>	
<p>Centrifuge - \$5,500 A Centrifugal force device separates the components of blood being red blood cells, platelets and plasma from each other.</p>	
<p>CO2 Sampling Module - \$3,850 This module attaches to a cardiac monitor to measure patients CO2 levels during an endoscopy procedure.</p>	
<p>Adult Laryngoscope - \$3,400 An Adult Laryngoscope is a medical device used to obtain a view of a patient's throat (vocal cords, larynx, etc.).</p>	

Thank you in advance for your generous support of our hospital!

FCHS Foundation Update

As Chair of the Foundation and on behalf of the Board of Governors, I send greetings to our supporters and residents of the FCFS area. As we welcome spring blossoms and green grass, I hope this newsletter finds you well. It has been a trying time for many, especially our healthcare workers to

whom we are indebted, as they have persevered through many challenges, uncertainties and constant change over the past two years.

Thank you to our community for your support and donations to purchase patient medical equipment needed for quality care. We appreciate your due diligence through the pandemic as you supported our healthcare team and kept our community safe.

Each year the FCFS Foundation works with our hospital partners to determine how to best support medical care of area residents. This newsletter illustrates necessary medical equipment requirements of our FCFS Emergency Department totalling \$59,399.

We continue to inform the public that the government does not fund the purchase of capital equipment, which is the responsibility of the Foundation. Local companies, businesses, service clubs and you have provided that support. We are proud of the efficient good healthcare at FCFS and the state-of-the-art equipment that keeps our hospital running effectively. The Foundation and staff appreciate the community support that makes FCFS a vibrant healthcare village. Consider a donation to our spring appeal of what and when you can.

FCFS Foundation continues to work on the short-term goals of our strategic plan which we are striving to complete this year. This plan is a living document and our implementation of objectives are thoughtfully considered to ensure best results.

We currently are seeking a new Foundation board member. If you have five to six hours a month to give, please consider joining our team by contacting martha.wortner@mha.tvh.ca, phone 519 693 4441 x 2438.

On behalf of the Board of Governors of the Foundation, I would like to thank you for your commitment to our foundation as we support our mission "Building relationships that support Four Counties Health Services by raising awareness of critical equipment needs and encourage community ownership through giving" and our vision to "Ensure quality healthcare close to home".

Tom Jeffery
 Board Chair, Four Counties Health Services Foundation

FCFS Foundation Announcement

Hi, I'm Jackie Van Eerd Beatty and I'm thrilled to be the new fundraising coordinator for FCFS Foundation. I grew up on a horse ranch just outside of Bothwell and have lived and worked in the area since that time. I spent many years as a manager at Foodland and was recently with United Way, but my true calling has been building community through volunteering. In Bothwell, I have been active

with the Community Boosters, the Arena Committee (BARAC), Optimist Club, and many other endeavours. I believe that community is an extension of family and in order for our family to thrive, we all have a part to play.

Play is the operative word, in my mind. I have had many adventures and made great friends through volunteering. I also enjoy travelling, the outdoors, community theatre, and spending time with loved ones embracing all the joys of smalltown life in Canada.

I'm excited to become part of the FCFS Village, where the rural close-knit atmosphere is celebrated, yet quality care is the highest priority. We can thank our generous community of donors and volunteers for ensuring the vibrancy of our hospital. I look forward to meeting the many hands who bring our village together, and I am eager to bring my passion for the Four Counties area into my work here at the Foundation. Hope to see you soon!

-Jackie

"On behalf of the FCFS Foundation Board, staff members Martha and Rosemary we are excited to welcome Jackie to our team as we continue to build relationships that support our hospital's critical medical equipment needs." Said Tom Jeffery, FCFS Foundation Board Chair

■ YES! I would like to join the Monthly Giving Program
